

The project « Make Future Together: EU and the Western Balkans from the Youth Perspective » was funded with the support of the European Union under the Programme "Europe for Citizens"

Applicable to the Strand 2 – Measure 2.2 "Networks of Towns"

Measure 2.3 "Civil Society Projects"

Strand 1 – "European Remembrance"

Preparatory activities (if applicable): the activities involved 13 participants.

Location / Dates: Belgrade, Serbia / 17-18 September, 2020

Short description: Preparatory activities aimed at setting grounds for enabling youth to formulate and express their thoughts, ideas, and beliefs in the later stages of the project. The extensive two-days kick-off meeting gathered project partners for a discussion about the potential topics and format of the events. During the kick-off meeting, project partners agreed to build the consultation platform around three topics (rule of law, environment, digital privacy and Internet freedoms) and the events to have a narrower focus on issues related to digital privacy and Internet freedoms only. As for the format, partners decided to have two separate events. The first would collect input from youth representatives combining plenary and group sessions following the "world café" method. The second would be open for the public in the form of webinar, gathering youth, student representatives, experts, and other interested individuals. Partners also agreed on broadcasting the second event on social media channels to increase the turnout and engagement, and build a diverse audience. Preparatory activities also involved the preparation of the youth consultation platform launched in six Western Balkan countries.
